New Governance Models on the Danube
/ Young Positions

The second NEW EUROPEAN BAUHAUS on the DANUBE Conference is framed by the 2026 Danube Festival in Ulm. In a week-long exhibition in public space, eight young professionals from the Danube are introduced. They stand up for innovative city making, arts and civic engagement. On the special event of the Conference they will be joined by international experts on new governance models to work, discuss and share inspiring new approaches to urban commons. The event is public.
